

Scholarships & Bursaries

GOOD LIFE YOGA SCHOOL

The purpose of our scholarship and bursary places are to offer free/reduced price places on our courses to those who would otherwise be unable to join us.

We particularly invite applications from communities that are underrepresented in yoga today, but we consider all applications thoroughly.

What are we looking for?

- Committed individuals with a love of the practice who plan to share it with others who could benefit greatly from it
- Individuals who themselves would benefit from what they learn

Although you are welcome to include information about your financial situation in your application, we do not insist on this, as we prefer to trust that those applying to us are doing so because they would have difficulty in attending without this help.

We receive a great number of applications for Scholarships and Bursaries, so we have high expectations of those we offer these places to in terms of their commitment to the course, and acting as an ambassador for the school going forward, helping to spread the word that this support is available.

Please note, in the interests of ongoing access, scholarship/bursary places are non-transferrable. In order to keep these places open for future courses, we cannot transfer your scholarship or bursary to a later or a different course.

SCHOLARSHIP PLACE

This place is available on our Foundation 200 hour training.

All course fees are covered by us, but students do still need to purchase their flights to Spain and pay for their room in Suryalila.

(We ensure we keep a bed free in the 4 person dorm room, which is the cheapest option, but students are not tied to choosing this bed if they wish to be solo.)

BURSARY PLACE

All our courses have a bursary place available.

This is a **half-price place** where we will cover 50% of your fees.

If on the 200 hour training, students will still need to purchase flights and accommodation in Suryalila.

TO APPLY send us an email explaining why you would like this scholarship, what you feel you could learn from it, and what you plan to do with the knowledge afterwards.
